WINTERTIME IN

DUNLAP

HISTORIC WAX NATIVITY

After years in storage, a nostalgic treasure is back on display. The wax nativity scene was originally molded by Agnes Dunham. The inspiration for the display struck her in 1951 while she was making wax Christmas candles. Each year she added more figures and the popularity of the display grew. This display is open seasonally from the Friday before Thanksgiving through the beginning of January.

SHOP HOP

The Friday before Thanksgiving, DCDC hosts Dunlap's annual Shop Hop. Area businesses work to create an evening of special experiences that shoppers can enjoy as they "hop" from store to store. Many business owners stay open for extended hours and offer free refreshments, discounts and giveaways.

HOLIDAY LIGHTS ON DISPLAY

Many Dunlap businesses and residents take special care to decorate for the holidays. A drive down main street and throughout the community will leave you feeling warm and fuzzy.
