## PET REGISTRATION

Did you know that in Dunlap, all dogs and cats over the age of six months are required by law to be licensed and vaccinated against rabies? We'll take the guesswork out of local pet licensing at this event!

## MICROCHIPPING

A microchip is a tiny transponder that is implanted under your pet's skin between the shoulder blades. It is a permanent identification method, designed to last up to 25 years. The Harrison Co. Humane Society is offering microchipping services at this event for \$25 per pet (dog or cat).

*\*Cats need to be in a pet carrier.*

## CONSIDER ADOPTION

The Harrison County Humane Society of Iowa will have available kittens on site. Event attendees are encouraged to consider adopting a pet.

## MEET DOG TRAINERS

Dog trainers work with dogs to teach them basic obedience and, if needed, correct behavior. At this event, you'll have the opportunity to network with individuals in the Dunlap area that specialize in this field.
